- We do NOT have any guidance currently re: expectations and grading for term 4
- Term 3 ends April 23 but students can turn in assignments until May 1 for term 3
- No school on April 24 (school is still open for food)
- Grades are due May 8
- Return to school date is now on May 15
MCKINLEY'S APPROACH TO DISTANCE LEARNING

1. Teachers are all posting assignments and offering digital learning opportunities using an online platform (i.e. Canvas). The DCPS packets (physical packet or online) should only be used as a last resort, especially if families do not have access to the internet.

2. Teachers are not required to virtually teach a class at a specific time (we may have more guidance for term 4).

3. Teachers are hosting office hours each weekday where they are available for questions and concerns. Some are offering virtual conferences through our secure platform, Microsoft Teams.

DCPS has stated that students will not be penalized for failure to submit work in Term 3 only.

If your student completes distance-learning assignments:
- The assignments will only raise their term 3 grade
- The work can replace low grades or function as extra credit

Continue to encourage your student to complete work even if he/she has an A or B in the class
- Learning is still taking place and we want students to be prepared for the upcoming school year
Takes place between 5/11-5/22

A 45-minute timed free response exam (extended time for those who receive it)

Can be taken on any device – phone, computer, ipad

Students need a quiet uninterrupted spot in the house during that time

Students can still earn college credit for a passing score

Teacher lessons are helping students review for the exam

Unless they have extenuating circumstances, we want all students to take their exams
